## MR. AND MRS. SEBASTIANI RETURN FROM NEW YORK

Mr. and Mrs. Sam Sebastiani who have been to New York on a 2 weeks' visit returned to their handsome home here Tuesday evening. They were met at Benicia with their car by Mr. and Mrs. Harry Quarantoli and the Sebastiani children. They arrived here shortly after 9 o'clock and were given a fine dinner by Mr. and Mrs. Dave Eraldi.

While primarily a business trip, the Sonoma wineman and his wife enjoyed their visit to the East, and while in New York found the weather cool and delightful for this time of the year. They were much entertained at the restaurants and theatres of the Eastern metropolis and had a fine suite at one of the leading hotels. Many handsome purchases were made in New York by Mrs. Sebastiani as presents to his wife and family.

Sebastiani found the wine market better than ever in the East and reports his trip as very satisfactory.

## SAT. EVENING POST EDITOR VISITS SONOMA COUNTY

Sonoma county harbored two distinguished men in the world of letters last week, when George Horace Lorimer, editor of the Saturday Evening Post, and Emerson Hough, novelist and special writer, passed through this county on their way to San Francisco from Humboldt county.

The two men spent a few hours in Healdsburg and then proceeded by automobile to San Francisco. Lorimer is touring the United States in the interest of a campaign for the preservation of America's natural parks and he was especially concerned over the movement to protect the great redwoods of this section. A series of articles in regard to this movement will appear in the Saturday Evening Post when Lorimer returns to his post.—Republican.

## EXPERTS BRIDGE REPORT GRUDE AND EVASIVE

Cursory Findings of Expert on Some of County Engineer's Work in This District.

The report of H. Warrington assistant highway engineer, detailed to investigate the charges made by District Attorney Hoyle, regarding the work performed by Lloyd Aldrich upon the Sonoma-Petaluma highway bridges, was made public last Friday. It follows:

"Honorable Board of Supervisors, Sonoma County, Santa Rosa, Calif. Gentlemen:

"In accordance with your request, I went with Mr. Smith to the three bridges on the Petaluma-Sonoma highway, about which the district attorney has written your board. Mr. Cox did not come to Santa Rosa while I was there. Mr. Smith and I examined the bridges together and made some measurements.

"I find that in the case of the bridge at Station 633-03 some additions to and some omissions from the plans as designated were made. One wing wall was omitted, one lengthened somewhat, and the foundations, with the exception of the east pier, carried to a less depth than indicated. Measurements of the existing bridge, in connection with the depths of footings as changed, given by revised plans loaned me by the county engineer, show that if built according to these revised figures, the foundations are secure against loss by scour, the nature of the ground being considerable so far as can be judged by an engineer not familiar with the regimen of the stream.

The omission of the wing wall and the lengthening of one other were from a structural and economical point, justified, in view of the local conditions.

For the bridge at Station 586 48.5 wing walls were added during construction. The local conditions are such as to require these wing walls, and the county engineer wisely did so. The other ridge, at Station 635-58 was stated to be built in accordance with the plans, the measurements of the exposed part of the bridge show that this part is as designated.

As to the authority to make these changes that is a matter of legal interpretation of the contract and specifications, and on this point I am not qualified to pass.

"I have not sufficient time to check the quantities and prices allowed for added and omitted work and if your honorable board desires this work done, I may be allowed the suggestion. I would recommend that some disinterested consulting engineer be employed to go over these plans and check them.

"To sum up, I believe that the changes made during the construction, were proper and in the interests of economy, and that so far as can be now told the bridges are well built.

"Respectfully yours,  
"H. E. WARRINGTON"

## PRETTY CEREMONY UNITED POPULAR COUPLE SUNDAY

Gladys Simmons and Neal Dodge Married At High Noon By Rev. Isaac Cookman.

At high noon last Sunday in the presence of their relatives and a few old time friends of the families, Gladys Simmons and Neal Dodge were united in marriage by Rev. Isaac Cookman, the Episcopal form of ceremony being used. The living room was artistically festooned with live oak foliage and flowers and here the beautiful double ring ceremony was gone through which united the happy young couple. Preceding the pronouncement of the solemn nuptial words, Miss Marie Allen of San Francisco sang very sweetly, "Oh Promise Me", after which to the strains of Mendelssohn's Wedding March the bride came in on the arm of her father, L. S. Simmons, attended by her bridesmaid, Miss Allen, and the best man, Griff Baird.

The wedding gown was a rich oriental white silk handsomely embroidered and with a touch of ostrich feather trimming. The bride carried a beautiful shower bouquet of lilies of the valley and Cecil Bruner roses. The bridesmaid's gown was white net over green silk and her bouquet was of pink roses and maline.

Kneeling upon a white plush pillow which is an heirloom in the Dodge family and has witnessed the nuptial vows of past generations even to the great-grandmother of the groom, the happy couple exchanged their vows and Rev. Mr. Cookman pronounced the words which made them man and wife. Bride and groom were then deluged with congratulations and good wishes after which they led the way into the brilliantly lighted dining room where the wedding breakfast was served. The table was festive with a handsome wedding cake and miniature bride and groom kewpies cleverly dressed for the occasion. Pink and white streamers festooned the ceiling and formed a canopy over the heads of the merry wedding party. After a dainty repast the bride stole away to change her wedding gown for the rich traveling costume of dark brown and the becoming small hat with plume to match which she wore on her journey. At the sound of the auto which was to take the young couple away, they made a hasty exit amid a shower of rice and started on their honeymoon.

The presents received by Mr. Dodge and his bride were many and beautiful, including such rich gifts as silver pie and cake plates, cut glass nappies, cut glass compote, Bohemian glass, oriental vases, handsome pictures, pottery flower bowl, sherbet set, hand embroidered linen doilies, and table runner, electric iron, coffee urn, toaster, leather bound books, unfolded tray, silver, china, checks, etc. A chest of silver flat ware of the attractive Etruscan pattern was the gift of the bride's father to the young folks.

Among out of town guests at the wedding were Mr. and Mrs. Baughn, Miss Helen Irwin, Mr. and Mrs. Page, Miss Dorothy Carter, Ben Applefield, Miss Marie Allen and Griff Baird.

Upon their return to Sonoma, Mr. Dodge and his bride will go to house-keeping in a cottage on their ranch south of town. Their future home is now being remodeled for them.

R. E. Murphy sold his grain crop off of seven acres for more than \$500.

Roy Aubrey was here last Sunday on a visit to his mother, Mrs. Tom Monahan.

Candido Lewis, father of Mrs. Ben Streeter of El Verano and "Candy" Lewis well known in this valley has purchased a 445 acre ranch at Lakeville. Mrs. Streeter has just returned from a visit to her father's home where she has been helping during haying time.

Lawrence Paulson has gone to fight house keeping—that is to say Lawrence has taken the position of Light House keeper at Monterey. The light house at that point is one of the picturesque places of that section.

Mrs. Charles Potter will entertain the Ladies Aid of the Congregational Church at her hospitable in Schellville on Tuesday. This is the first meeting since vacation.

While cranking his car one day this week, Walter Steurmer, popular jitney driver, had the misfortune to break his arm.

## COURT ORDER IN MRS. SPRINGFIELD'S ESTATE

An order of court directing the Bank of Italy to turn over the money and effects of Mrs. Springfield to Special Administrator Frank Phillips pending the settlement of the case now in probate was made this week. The public administrator after his appointment to handle the deceased Mrs. Springfield's affairs went to the Bank of Italy but they refused to give up money and contents of a safe deposit box whereupon Phillips had the bank cited to show cause why they should not do so. No good or sufficient reason being given Monday by the bank's attorney other than the already settled question of place of residence of deceased, the Court made the order compelling the bank to turn over all property belonging to the former resort keeper's wife to Administrator Phillips. Hearing on application for regular letters of administration will come up later.

Attorney R. A. Poppe of this place made a will for Mrs. Springfield on July 12th in which she gave her property to a young ex-soldier and other friends. Mrs. Springfield passed away on the 20th and it has since developed that she had relatives in the East including a mother and sister. Her mother according to Public Administrator Phillips is living in Philadelphia and he has the power of attorney for mother and sister to act in their behalf until they can come out from the East to contest the will which is to be attacked, Phillips having already filed notice of a contest.

The Public Administrator does not believe the will is valid and pending a full inquiry into the claims of Paul Weinhoff and those around Mrs. Springfield just prior to her death he stopped payment on two checks, one for \$500 and one for \$3480 which were presumed to bear the signature of the sick woman.

Phillips was in town Thursday and stated that he was doing his duty in the matter and that rightful claimants to the Springfield estate were to be protected fully by his stewardship while any fraudulent attempt to come into the dead woman's property would be shown up when the will case comes to trial.

Pictures will be shown at Fettes Springs Theatre every night hereafter.

Clarence Richards and aunt, Mrs. Beithon of the Baxter tract leave next week for Canada where they will make their future home.

## WHAT HEALDSBURG THINKS OF CANDIDATES FOR JUDGE

The campaign of Rolfe Thompson for election to the Superior Court bench has been making big headway. Insidious propaganda regarding some of his private beliefs has been industriously circulated in an effort to hurt his candidacy. One thing can be said and that is that he would administer the law impartially on any question which is about all that any judge could do, and more than a lot of them do do. Superior Judge Seawell, who is one of the ablest jurists in the state is certain to be returned by a large majority. There are three candidates for the two judgeships, but the voters can make no mistake in voting for Thompson and Seawell.—Healdsburg Enterprise.

The Healdsburg Enterprise is another newspaper far from "dry" which believes that a lawyer who has prohibition clients and fights for them is not half as bad as a judge whose decisions have always favored the dregs and reformers although he gets his salary from both wets and dregs.

## GIVE 'EM AN INCH AND THEY'LL TAKE A MILE

The Warrington report on the new bridges under fire in this supervisory district and ordered investigated by the Board of Supervisors following charges made by District Attorney Hoyle is unsatisfactory to say the least. The assistant state highway engineer who took a look at the bridges evidently jumped his job after an attempt to white wash the county engineer and wanted to wash his own hands of the whole questionable business. It is not a pleasant task to be expected to give a glowing account of and to legalize a job which has the earmarks of irregularity. The bridges may be "just as good" in drug-store parlance but if not built according to specifications, and not of full measurement, they are the proper subject of criticism particularly if the money allowance made for their shinniness is not sufficient, as District Attorney Hoyle asserts. The state highway engineer admits that perhaps the contract and specifications should not have been tinkered with and says "as to the authority to make these changes, that is a matter of legal interpretation of the contract and specifications and on this point I am not qualified to pass."

The District Attorney is the proper person to pass on that and the people should be grateful that he is on the job and watching the expenditure of their money and calling a halt on shipshod methods of doing business. There has been too much leeway given employees of the tax payers particularly in this orgy of highway building throughout the state and the results are apparent in long stretches of cracked and disintegrating highways and waste of millions of dollars voted by the trusting public.

To permit an engineer and his employees to arbitrarily change and alter specifications and disregard the requirements of law is a dangerous precedent and gives the public well grounded fears that if we give 'em an inch they will take a mile.

## BOOZE SLEUTHS EDUCATION PLUM BAD

Armand C. Casassa, son of D. Casassa, well known wine man of the Forestville district, who was arrested a few days ago by Federal authorities for alleged violation of the prohibition laws, today filed complaint in superior court against Loran A. Handley, D. W. Rinckel and C. H. DeSpain. Handley is Federal prohibition director for California, and Rinckel and DeSpain are his deputies.

The complaint states that the defendants destroyed in their search of the premises of his father on the night of July 26, seventy-five pounds of myroholan plum seeds, which were contained in a barrel which the plaintiff had placed there in order to prepare them for use in propagating plum trees.

## WAITS EIGHT YEARS, THEN GETS DIVORCE

The couple were married in San Francisco in 1908. Her sisters, Mrs. Mae Norborn and Mrs. Esther Hughes corroborated her testimony of desertion.

Attorney Frank Sprague was the attorney for the deserted wife.

Mr. and Mrs. Page of San Francisco were guests of Mrs. Dodge over the last week end and attended the wedding. Mrs. Page is an artist and with her husband has traveled extensively. They are enthusiastic over the Valley of the Moon.

## DISTRICT ATTORNEY HOYLE IN LETTER POINTS OUT MOTIVES BACK OF RECALL

Branding the recall campaign against him as slanderous and teeming with misrepresentation District Attorney Hoyle has addressed the following pertinent letter to those who desired the controversy brought to a ballot on the 31st. His letter follows: "To the signers of the Recall Petition:

"I find your name among those who signed the petition for my recall as district attorney of Sonoma county.

"The motives back of the recall movement are malicious and vengeful. No legitimate cause ever had or needed the support of the many deliberate falsehoods knowingly and persistently asserted by the prime movers of the recall movement. This I will make plain as the campaign advances.

"In view of the unscrupulous methods used, it is not surprising that many good citizens have been deceived, and innocently lent their influence in aid of this campaign of slander and misrepresentation.

"No one who investigates the facts need be deceived. The recall movement was involved not because I have failed to uphold the law but because I have refused to comply with the wishes of certain interests who have demanded violations of the law by me as the price of their friendship.

"In voting \$1,640,000 for road construction, Sonoma County undertook the greatest single expenditure in her history. In common with an overwhelming majority of our people I voted for the bonds, hoping to advance the interests of the county thereby. But I want the county to have a dollar's worth of labor or material for every dollar expended. I have never for a moment stopped or held up road construction or road repair. The recall committee know this to be fact, notwithstanding their statement to the contrary.

"The expenditure of such unusual amounts by counties is often accompanied by charges of extravagance, wastefulness, and sometimes of fraud. I resolved from the beginning that so far as it was in my power, Sonoma County's money should be expended by methods free from suspicion and in compliance with the law. This is no time to let down the bars.

"Some people in Sonoma County for various reasons hope to profit in the expenditure of this money by methods not countenanced by the law. My insistence on compliance with the law has incurred their vengeful opposition.

"I expect to have the opposition of every person in Sonoma County who hopes to profit by the irregular expenditure of these funds. I welcome that opposition. I do not occupy the office of district attorney to serve that element.

"People who want a district attorney subservient to those who insist on the expenditure of this money contrary to the methods and without the safeguards provided by law for the protection of these funds should vote for my recall. Those who want this money spent legitimately and legally should vote against the recall.

"In an eleventh hour effort to camouflage the real reasons of the recall movement, an appeal is being made to voters by injecting a pretended moral issue into the question. The only moral issue involved in the recall is the moral turpitude and sniveling hypocrisy of those fostering the movement.

"In a contest of such issues I confidently expect to have the overwhelming support of the intelligent, law-abiding manhood and womanhood of Sonoma County. I ask your conscientious investigation of the facts, and shall confidently await the verdict of you and the citizenship of our county.

"Respectfully yours,

G. W. HOYLE,

"District Attorney of Sonoma County."

## LITTLE "RED DEVIL" TO HAVE BIG BROTHER

Plans Go Forward For Benefit at Boyes Springs For Fire Department.

A day and night celebration on August 15th with a demonstration of the big new chemical engine which the Boyes Springs fire department will add to its apparatus is being planned by the residents of the Springs and has already attracted widespread interest. During the day time it is proposed to have a carnival and exhibition by the fire department. The evening will be given over to vaudeville and dancing with an exceptional program in prospect.

The proceeds of the benefit will be applied on the purchase of a big brother for the "Little Red Devil" chemical which has distinguished itself at many fires throughout the valley and saved much property during the three years since the enterprising Boyes folks acquired it. Outside of the original cost, the chemical and fire engine has been actually self-supporting as its heroic and successful efforts and prompt response at fires has frequently been rewarded with substantial checks from grateful property owners.

During the past week the chemical made a seven minute run to the Wat-riss ranch where it extinguished the second fire there in the last ten days and on Monday in a two minute run it was on the job at Caliente Villa where menacing flames were sweeping the grounds of the popular resort. The proprietors of the Villa were most appreciative of the aid given them and the following day wrote to Chief Geo. Cause as follows enclosing their check:

Geo. Cause, Fire Chief of Boyes Springs, Fire Department,  
Dear Sir:

We want to show our appreciation of your prompt answer to our call for fire.

We are always willing and able to help Boyes Springs Fire Department and we know how conscientious the Fire Chief and his assistants are, and how necessary that you have financial support from all the community.

Thanking you and hoping we may be able to show our appreciation in the future.

Yours truly,  
Lewis and Ross

## GLEN ELLEN NEWS

Three social affairs in Glen Ellen last week proved very successful and enjoyable for those present.

Thursday afternoon Mrs. Brand entertained the ladies of Glen Ellen Club for the purpose of meeting her daughter, Harriett who is home from the Hawaiian Islands for a vacation. This popular young lady is this town's former school teacher, but for the past year has been teaching in the islands. She will return there in a few weeks. Many and interesting were the specimen of island hand-craft and souvenirs brought home by Miss Brand and the ladies enjoyed the novelties and greatly appreciate Mrs. Brand's hospitality.

The whist party given for the benefit of the memorial library was a big success netting the fund fifty dollars. Saturday night's dance was well attended and added a neat sum for the Jack London fund also.

Mr. and Mrs. Andrew Erickson are touring Oregon on a long trip. They write enthusiastically of the scenic beauties along Columbia river highway.

## DOG RACES AT THE SACRAMENTO FAIR THIS YEAR

Coursing matches and trials of speed between the fastest dogs in the country are promised at this year's State Fair. The device whereby all cruelty will be eliminated and yet provide all the thrills, is a straightway track of a quarter mile built along the outside rail of the homestead of the mile track. Along this is built a board track on which a motorcycle capable of sixty miles and hour, carries the stuffed rabbit.

The dogs are sent away from a barrier in much the same fashion as the bangtails in a running race, the rabbit is dropped in front of them and kept a certain distance in advance of the swiftest dog to the finish when it is jerked into a hole. The dogs enjoy the sport and seem to find therein all the keen excitement of the chase and kill.

There will be six to eight greyhounds in each race, two races a day and the purses will range from \$50 to \$100 in each race which will be three sixteenths and a quarter mile. Eugene Panario and W. B. Cross, both well known in coursing circles, are in charge of this stunt at the fair. Several of the best kennels of the Bay region will be represented. Among the entries are: Oakland, Wikipup, Jackson and Kutzmiller, T. J. Cronin and Larry Lynch. Dogs are already entered from Vallejo, Davis, Dixon and Woodland.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh of the Eustachian Tube. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

## Petaluma Will Take in New Ones on Subdivision

It has been decided by Petaluma to commence all over again on her new county scheme. Bodega wants to be taken in and will be. It is still the intent of Petaluma to include Sonoma Valley and the boundary lines will be redrafted and signatures rescored.

This decision has been reached by the committee of fifteen which has charge of the work of getting the petitions ready to be submitted to the supervisors seeking the division of Sonoma county and the formation of County of Petaluma.

The meeting was held late Saturday afternoon and action was taken at the request of a number of citizens of Bodega township who met with the committee and urged that all of Bodega township and a small fraction of Redwood township be included in the territory to become part of the new county of Petaluma. They promised their own support to the movement, also that of many other influential citizens of that locality.

A written proposal was submitted by the delegation from Bodega to change the boundary line of the proposed new county as to include the towns of Occidental, Bodega, Camp Meeker and Monte Rio.
